

OUR JOURNEY OF INTERNATIONAL DIMENSION IN SCHOOL (IDS)

Flowers Around the World

Balwadi

ACTIVITY 2: Solo Hindi Poem Presentation & Eye-Mask Activity Participating Class(es): Balwadi (LKG-UKG)

Due to constraints of online sessions instead of a group, a solo Hindi Recitation Presentation was conducted for our cute, young presenters of Balwadi. The poems were all beautifully composed by Grade XI and XII students of our school. Each and every kid enthusiastically participated in the activity and imparted some valuable information about Flowers Around the World. The renditions were beautifully presented with great fondness and appreciation for flowers. They enjoyed the perfection of expression, thoughts, emotions, rhythm and music of words. Later, the creative geniuses of Balwadi took part in a funky, eye-mask-making Activity. The teachers helped the kids in spreading their wings of imagination by creating a unique mask for themselves. The activity was a great coloring practice for the kids and also helped them identify different shapes and sizes. After the masks were ready the kids struck a pose and clicked pictures with their funky masks on!
